Muhammad Hussain

SQA Engineer | Playwright | BDD
Peshawar, Khyber Pakhtunkhwa, Pakistan

Summary

I have 2+ year of experience in both manual and automated testing,
I have served as a Quality Assurance Analyst on 5+ projects.
I am skilled in bug reporting, retesting test case creation, and
executing various types of tests while also compiling daily status and
summary reports. Additionally, I am proficient in participating in retro/
standup meetings and writing automated test scripts using Cypress,
Playwright, and Robot Framework.

Experience

Workbox Pvt Ltd
QA Engineer
March 2022 - Present (1 year 9 months)

Responsibilities Included: Test planning, Test-Cases creation, Test Execution,
Test Automation, Test Documentation

- Establishing a CI/CD pipeline for automation scripts, resulting in increased
website uptime and efficient regression testing during development.

-I played a crucial role in enhancing the UX/UI of our website, driving positive
traffic growth, by actively collaborating with the team through retrospectives to
identify and address various problem areas.

Education

islamia college Peshawar
Bachelor's degree, Computer Science · (February 2017 - September 2021)
